

GENERAL INFORMATION

Proceedings. All accepted full papers (submitted by the required deadlines) will be published (with an ISBN) and distributed worldwide.

Student volunteers. The success of the conference depends upon the diligent work of the student volunteers. If you would like to help at the conference in return for waiver of the registration fee, please contact: Student Volunteer Chair, volunteer@ahfe.org

The Collegium Novum of the Jagiellonian University in Krakow Old Town District.

EXHIBITS

Exhibits provide state-of-the-art ergonomics products, systems and services for the users, professionals, and researchers in the AHFE field. Organizations interested in exhibiting or advertising in the Advance Program and/or Final Program should contact the Conference Communication and Exhibits Chair: Abbas Moallem, exhibits@ahfe.org

Exhibitors who have committed to exhibit by 15 November 2013 will be listed in the Advance Program, Final Program, and the Conference Proceedings, which will be distributed worldwide.

ORGANIZED TOURS

SEVERAL ORGANIZED TOURS AND EVENTS WILL BE ARRANGED FOR BOTH PARTICIPANTS AND ACCOMPANYING PERSONS TO EXPERIENCE THE BEAUTY AND RICHNESS OF KRAKOW'S ARCHITECTURE AND CULTURE, INCLUDING ART MUSEUMS, CLASSICAL MUSIC CONCERTS AND OPERA, AND HISTORICAL ARTIFACTS ORIGINATING AS EARLY AS

THE XIVTH CENTURY. GUIDED CITY TOURS IN ENGLISH, GERMAN, FRENCH OR ITALIAN WILL ALSO BE OFFERED.

Call for Participation

19-23 July 2014

Jagiellonian University, Kraków, Poland

Under the auspices of 15 distinguished international Boards
consisting of 445 members from 43 countries

2014 AHFE International
5th International Conference on
Applied Human Factors and Ergonomics

jointly with
1st International Symposium
on Human Factors, Software, and Systems Engineering

1st International Conference
on Occupational Safety Management

1st International Conference
on Human Factors and Sustainable Infrastructure

2nd International Conference
on The Human Side of Service Engineering

2nd International Conference
on Affective and Pleasurable Design

2nd International Conference
on Human Factors in Transportation

2nd International Conference
on Ergonomics in Design

2nd International Conference
on Science, Technology, Higher Education,
and Society in the Conceptual Age: STHESCA 2014

3rd International Conference
on Human Factors and Ergonomics in Healthcare

3rd International Conference
on Cross-Cultural Decision Making

3rd International Conference
on Applied Digital Human Modeling

15th International Conference
and
on The Human Aspects of Advanced
Manufacturing (HAAMAH):
Manufacturing Enterprises
in a Digital World

INVITATION TO AHFE 2014

TECHNICAL PROGRAM BOARDS

You are cordially invited to participate in the 5th International Conference on Applied Human Factors and Ergonomics 2014 and affiliated Conferences, to be held at the Jagiellonian University, Krakow, Poland, July 19-23, 2014. All distinguished Conferences are maintained jointly under one management and one registration. The conference objective is to provide an international forum for the dissemination and exchange of scientific information on theoretical, generic, and applied areas of ergonomics, including, physical ergonomics, cognitive and neuroergonomics, social and occupational ergonomics, cross-cultural aspects of decision making, ergonomics modeling and usability evaluation, human digital modeling, healthcare and special populations, safety and ergonomics in manufacturing, ergonomics in design, affective and pleasurable design, human factors, software, and systems engineering, transportation (road and rail, maritime and aviation), occupational safety management, and the human side of service engineering. This will be accomplished through the following six modes of communication: keynote presentation, parallel sessions, demonstration and poster sessions, tutorials, exhibitions, and meetings of special interest groups. The five-day conference will start with tutorials. The tutorials will be held on July 19-20, 2014. Tutorials will be offered (both half- and full-day) at introductory, intermediate, and advanced levels covering the entire spectrum of the conference.

All submitted abstracts will be peer-reviewed by three independent referees from the international program boards. It is anticipated that a broad range of research and applied topics will be covered during the conference. Papers in the theoretical category should deal with models, concepts, and structures; papers in the generic category should present research results of broad applicability; and papers in the applied category should show how the demands of particular application areas shape the way generic research is translated into practical innovation.

PROPOSALS FOR PARTICIPATION

Parallel presentations. An abstract of about 500 words should be submitted through our website (www.ahfe2014.org) and include a statement of the objective and significance of the proposed presentation, description of methods, and discussion of results. Please indicate to which Board your submission should be sent for review. In some cases, when considering submissions for the parallel presentations, authors should consider whether their material may be more effectively presented in the poster/demonstration sessions. To provide a greater opportunity for more people to present at the Conference, each accepted paper should have a different conference registrant. However, co-authors may appear on multiple papers.

Tutorials. An abstract of 300 words should state the objective, content, target audience, a bio-sketch about the presenter(s) and A/V requirements. Indicate whether the proposed tutorial is for a half-day or full-day. Please submit abstract through the web.

Poster/demonstration sessions. This session has been especially designed to accommodate the presentation of late-breaking scientific and professional news, work in progress, work which can be more effectively presented via demonstration or when the author feels more comfortable presenting the material in written form or demonstrating it rather than by oral presentation. An abstract of 300 words should be submitted through the web and should include the essence of the planned presentation. Equipment needed for demonstration is the responsibility of the author. To provide a greater opportunity for more people to present at the Conference, each accepted poster should have a different conference registrant. However, co-authors may appear on multiple posters.

5TH INTERNATIONAL CONFERENCE ON APPLIED HUMAN FACTORS AND ERGONOMICS
